

Handlauf L-Form, Edelstahl spiegelpoliert, H.800 mm, rechte Ausführung

Artikelnummer: AGW-11160402

- Handlauf L-Form Ø 32, für bewegungseingeschränkte Nutzer. Rechte Ausführung.
- Für sicheren Halt und Bewegung in Dusche oder Wanne.
- Aus einem Stück gefertigt
- 44 mm Abstand zwischen Griff und Wand: Minimaler Platzbedarf verhindert Einklemmen des Unterarms und reduziert dadurch das Risiko von Knochenbrüchen bei Stürzen.
- Verdeckte Befestigungen durch Dreiloch-Wandflansch und Rosette
- Auf mehr als 200 kg getestet. Empfohlenes Maximalgewicht des Benutzers: 120 kg.
- Lieferumfang: Handlauf inkl. Edelstahlschrauben für Massivwand
- Maße (Mittenabstand): 800 × 400 mm
- Rohrdurchmesser: Ø 32 mm
- Wandabstand: 44 mm
- Material: Edelstahl, spiegelpoliert
- Ausführung: Rechts
- Belastung geprüft: > 200 kg
- Empf. Maximalgewicht: 120 kg

Barre de maintien en L, inox poli miroir, H.800 mm, modèle à droite

Artikelnummer: AGW-11160402

- Main courante en L Ø 32, pour les utilisateurs à mobilité réduite. Modèle droite.
- Pour un maintien et des déplacements sûrs dans la douche ou la baignoire.
- Fabriquée d'une seule pièce
- Distance de 44 mm entre la poignée et le mur : l'encombrement minimal évite le coincement de l'avant-bras et réduit ainsi le risque de fractures en cas de chute.
- Fixations dissimulées grâce à une bride murale à trois trous et une rosace
- Testé pour plus de 200 kg. Poids maximal recommandé de l'utilisateur : 120 kg.
- Livraison: barre de maintien incl. vis en acier inoxydable pour mur massif
- Dimensions (entraxe): 800 × 400 mm
- Diamètre du tube: Ø 32 mm
- Dist. poignée-mur: 44 mm
- Matériau: Acier inoxydable, poli miroir
- Modèle: Droite
- Charge testée: > 200 kg
- Poids max. recommandé: 120 kg

Grab Rail L-Shape, Mirror-Polished Stainless Steel, H.800 mm, Right-Hand Version

Artikelnummer: AGW-11160402

- L-shaped grab rail Ø 32, for users with limited mobility. Right-hand version.
- For safe support and movement in shower or bathtub.
- Manufactured from a single piece
- 44 mm distance between rail and wall: minimal clearance prevents trapping of the forearm, reducing the risk of bone fractures in the event of a fall.
- Concealed fixings via three-hole wall flange and cover rosette
- Tested to more than 200 kg. Recommended maximum user weight: 120 kg.
- Supplied with: grab rail incl. stainless steel screws for solid wall
- Dimensions (c/c): 800 × 400 mm
- Tube diameter: Ø 32 mm
- Wall clearance: 44 mm
- Material: Stainless steel, mirror-polished
- Version: Right-hand
- Tested load: > 200 kg
- Recommended max. weight: 120 kg

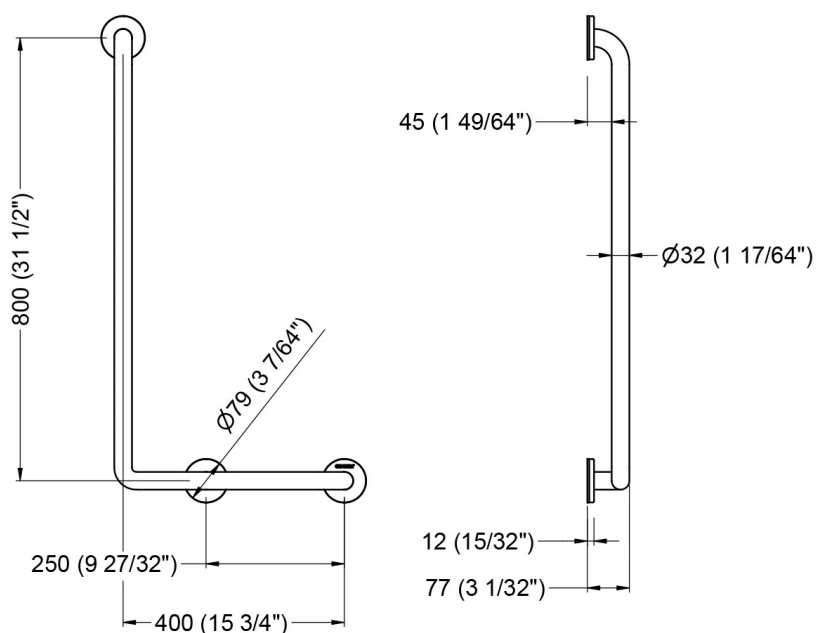

BACK VIEW WALL MOUNTING

Maniglione a L, acciaio inox lucidato a specchio, H.800 mm, versione destra

Artikelnummer: AGW-11160402

- Maniglione a L Ø 32, per utenti con mobilità ridotta. Versione destra.
- Per un sostegno e un movimento sicuri in doccia o vasca.
- Realizzato in un unico pezzo
- Distanza di 44 mm tra il maniglione e la parete: il minimo ingombro evita l'incastro dell'avambraccio, riducendo il rischio di fratture in caso di caduta.
- Fissaggi nascosti tramite flangia a tre fori e rosetta
- Testato per oltre 200 kg. Peso massimo consigliato dell'utente: 120 kg.
- Fornitura: maniglione incl. viti in acciaio inox per parete solida
- Dimensioni (interasse): 800 × 400 mm
- Diametro tubo: Ø 32 mm
- Distanza dalla parete: 44 mm
- Materiale: Acciaio inox, lucidato a specchio
- Versione: Destra
- Carico testato: > 200 kg
- Peso max. consigliato: 120 kg
