

ESG-SPIEGEL VON BOBRICK, HARTGLAS, VANDALENSICHER, B-2908 SERIE

UGS : B-2908 Serie

The one-piece, rolled angle frame measures 19 x 19 mm. The frame is made of stainless steel 1.4301 with a matt ground surface. The corners are helium-shielded gas welded, ground and polished smooth. Chamfered frame edges on the mirror for a more attractive appearance. Mirror: 6 mm tempered glass of grade 1; The ESG mirrors are shatterproof and offer protection against glass splinters. This makes the mirrors particularly suitable for stadiums, leisure facilities, motorway service stations or parks - in short, anywhere where vandalism is a problem or safety is a priority.
